

Software Tester Intern Wanted!

Position: Software tester

Location: Vilnius, Lithuania

Harba is an innovation-driven Danish startup digitalizing and connecting the world's marinas and boaters.

We strive to ensure that every team member feels empowered to be their best self. We have the freedom to create, explore and innovate. We strive to create a work environment that is based on trust, a high sense of ownership, support to one another, growth and most importantly - fun.

Today Harba is searching for a tester intern to join our team.

You will

- Learn what is testing, and get hands on practice in testing Apps, web systems, API
- Work with a dedicated mentor who will teach you a long the way
- Help testing old and new features
- Register bugs and ensure product quality

Requirements:

- Attention to details
- Desire to find how you can break something
- Big desire to learn new stuff and learn fast!
- A diploma or being enrolled in IT studies is a plus

We offer:

- Open startup environment to test and learn in
- Young and innovation driven colleagues
- Flexible work hours & ability to work remotely or from the office

Passionate about building something awesome? Let's talk!
